The UFDF concluded its 3rd public meeting today in Sigatoka village receiving its 3rd unanimous endorsement of the resolutions of its first 2 meetings, which are now contained in the 'People's Petition' that was launched at the close of the meeting

Roko Tui Draketi Ro Teimumu Kepa and former Prime Minister Qarase were among about 150 people who attended the meeting.

The meeting called on the UFDF to set out its road map for the return to democracy so that the people can be mobilized and true democracy reestablished in Fiji.

The nationwide distribution of the people's petition commenced with those present and the UFDF announced its plans to set up the petition online so others are able to sign and support the petition.

The UFDF said it would be announcing further public meetings in the coming days and urged those present to pass on the message they received from the meeting so as to mobilize the people into action.
